

York Catholic District School Board

“Drug Awareness” The impact of drugs on our community

The York Catholic District School Board invites you to attend an evening of information sharing and discussion regarding the effects of drugs in our community. The presentation will highlight:

- The facts and current myths
- What drugs are available in the community
- Signs of substance use
- How to respond to substance use
- What services are available to support youths and families
- How to access support

There will be an opportunity to meet informally with presenters to address any of your own questions or concerns

In order to accommodate our entire community, information nights will be held in each area for your convenience.

Tuesday, February 9, 2010 @ 6:30pm
